

Hello fellow Broncos, I am once again asking for your political support in my candidacy for Finance Society President. My name is Joe Baierl and I'm currently a senior FRL and ACC double major, Managing Director of the school's Student Managed Investment Fund, as well as current Finance Society President. Throughout my education at CPP, I've successfully represented the school in investment competitions hosted by the Chartered Financial Analysts organization, held internships at private equity and asset management organizations, as well as landed an internship at PIMCO, one of the largest active fixed income managers. I seek to utilize a vast network of alumni and local industry professionals brought about by these experiences to assist Finance Society members as well as all Cal Poly Pomona students in their professional development.

My goals for Finance Society remain largely the same as this past year. We will prioritize hosting knowledgeable and relevant guest speakers from investment and corporate finance backgrounds during our general meetings as well as conduct tours of local firms. However, next year we seek to put additional emphasis on career development assistance in implementing Ida's idea of organizing a career fair with a focus on jobs in the corporate finance and investments space. We will also be more proactive in informing Finance Society members of job/internship opportunities in their field of interest. Regardless of the outcome of the election, we are optimistic and confident we will be able to continue to deliver on member expectations. On that note, please stay safe. Please stay healthy. We look forward to seeing you next semester!

If you have any questions, comments, or concerns please reach out to me at jtbaieryl@cpp.edu.
